
CHRIS FISHER

SPEAKER, WRITER, ECOLOGIST

Chris Fisher works with professional organizations to discover the process of **creativity**, **leadership** and **engagement**.

Chris's presentations have engaged, informed and inspired audiences around the world. His television series, documentary films and best-selling books have been critically acclaimed for their unique approach to 'edutainment' and #SciComm.

Chris brings his diversity of accomplishments to your meeting, conference or festival. By harnessing the creative he has excelled at communicating messages through most media formats. But it is his understanding of the principles that maximize creativity and leadership that have enabled businesses to enhance their innovation and leaders to be more effective.

This best-selling author and charismatic keynote speaker brings professional development to your team through life, business and leadership actions.

FEATURED PRESENTATION

WILDLY CREATIVE

Cultures of success thrive with innovation and leadership. This presentation, itself a showpiece of creativity, ties riveting stories from pop culture, wildlife encounters and historic exploration to reveal the elements of leadership and innovation.

Chris knows it's not enough to just tell people to be creative. This talk breaks down specific habits and the settings that lead to creative breakthroughs. Engaging and memorable, Chris will share key steps that will get your group to meet their potential.

Also **THE SCIENCE OF STORY** and various Travel, Nature & 'TED-type' talks.

"Chris entertains, amazes and possesses a unique blend of knowledge, presentations, personal skills and salesmanship."

• Holland America Line

"Excellent presentation, Chris, we were all amazed and inspired!"

• 2013 ASPB / PCES Conference

"I was extremely impressed with Chris's knowledge of natural history and his ability to interact. His formal lectures were very well-delivered and beautifully illustrated." • David Smith, Ph.D., CA

"As a trainer who regularly delivers workshops to people we liked your easy style. You made it seem like a 'chat' rather than hurling facts and figures." • Delta Group, UK

"Chris shares his extensive ecological knowledge with a delivery that is entertaining, creative, and enthusiastic. He engaged and inspired us" • DU Canada

"a model for nature writers in the future"

• The San Francisco Chronicle
